Great fun and luxury cruising aboard Coral Princess

The spectacular Coral Princess was built to Panama size, which means she was custom built to the maximum size a cruise ship can be to sail through the Panama Canal. In addition to being the ultimate vessel for this particular voyage, she boasts a high percentage of balcony staterooms, which give our guests the chance to view this feat of engineering up-close and personal. Whilst cruising the Canal, which was forged through solid granite between 1881 and 1914, experience unique features that can only be found aboard Princess ships, the Bayou Café and Steakhouse. Enjoy authentic New Orleans cuisine accompanied by live jazz as you revel in the culture and colours of this unforgettable cruise.

Clothing on board the Coral Princess

During the day, casual clothing is typical, although shorts and swimwear are not permitted in the restaurants. During the evening on formal nights, a jacket and collared shirt is required for gentlemen and eveningwear for ladies. Casual nights require a collared shirt for gentlemen. The self-service restaurants are casual.

Don't worry about coming alone

About a third of people on the cruise travel alone. We will match people in twin-share cabins when available, saving you the single supplement. You won't be left alone, the Travelrite tour manager will be looking after you. There will be group activities almost every day.

The advantages of Coral Princess Escorted Cruise

The cruises are fully escorted and will be great fun holidays with plenty of activities. Each evening you will get together for pre-dinner drinks. You will meet an interesting group of people and have a fabulous time!

DAY 12 Friday, 4 April 2025

Fuerte Amador, Panama

Fuerte Amador is a man-made peninsula, located at the Pacific Ocean entrance to the Panama Canal. This mile long causeway was created using rocks excavated from the Panama Canal to connect four small islands and offers panoramic views of nearby Panama City. On our tour today we will enjoy a sightseeing tour of Panama City. Our first stop will be the Old Town with its colonial style houses, and cobblestone streets. In the afternoon we visit the Miraflores locks, where ships transit the Panama Canal and you'll have the chance to explore the Canal Museum to learn about the history and construction of the canal.

DAY 13 Saturday, 5 April 2025

Panama Canal

Today will be a highlight of the cruise as we sail along the Panama Canal. It is a 77-kilometre long canal joining the Atlantic Ocean and the Pacific Ocean and is a key link for international maritime trade. Built from 1904 to 1914, annual traffic has risen from about 1,000 ships in the canal's early days to more than 14,000 vessels now. It has been named one of the seven modern wonders of the world by the American Society of Civil Engineers. On the route of the canal there are a series of 3 sets of locks, the Gatun, Pedro Miguel and the Miraflores locks. A complete transit of the canal usually takes between 9 and 10 hours. Watch from the deck as we transverse this miracle of engineering.

DAY 14 Sunday, 6 April 2025

Dutch influence still lingers on this balmy Caribbean island, part of the former Netherlands Antilles until its independence in 1986. Oranjestad is the capital and largest city of Aruba and in the local language, Papiamentu, is often referred to simply and affectionately as "Playa". Today enjoy the sight of Aruba's colourful markets and many impressive Dutch Colonial buildings. We will then drive through Frenchman's Pass, the legendary passage where in the 17th century, invading French pirates were confronted by Indians above the Spanish Lagoon. Continue to one of Aruba's gorgeous natural wonders, the Casibari Rock Formations, a startling cluster of huge rocks that inexplicably rose up from the desert soil to create a truly unique sight. We then visit the Natural Bridge, the gorgeous Alto Vista Chapel, and the California Light House before returning to the ship.
