It is located in the northwest corner of the country about one hour south of the mighty Victoria Falls. It became the royal hunting grounds to the Ndebele warrior-king Mzilikazi in the early 19th century and was set aside as a National Park in 1929. Hwange boasts a tremendous selection of wildlife with over 100 species of mammals and nearly 400 bird species recorded. The elephants of Hwange are world famous and the Park's elephant population is one of the largest in the world.
